Changes to and Interruption of the Online Services

On a regular basis, we may perform maintenance on our operating systems, which may cause an interruption in or change to the Online Services. We also may need to change the scope of the Online Services from time to time. We will attempt to provide prior notice of any such interruptions and changes but cannot guarantee that such prior notice will be provided. If you find that access to the Online Services is interrupted or unavailable, you should call us for assistance to obtain access. We will strive to perform routine maintenance to our operating systems during non-regular business hours.

Fees

Fees applicable to Online Services may be disclosed within the applicable Online Service or by separate documentation including, but not limited to, the Special Handling/Electronic Banking Disclosure of Charges, or in product specific disclosures as provided to you in your account opening documentation or other agreements that apply to your Account(s) and use of the Online Services.

Important Information Regarding Electronic Communication

If you have selected the option to access eStatements, you understand and agree that all of your statements and notices for qualifying Accounts enrolled in Online Services will be provided to you in an electronic format. This is in place of paper statements and paper notices. Also, we may provide you initial and periodic account disclosure information related to the Accounts in electronic format.

If at any time you wish to change your eStatements option, change your email address, or receive a paper copy of your Account statement, you may change your preference within the Online Services, if available, or by contacting the Client First Center. Additionally, in the event that you are unable to access your statements or to otherwise view any of your Account information through Online Services, you agree to immediately notify us. A fee may be charged for paper copies depending on the Account type or the reason or frequency of your request. eStatements will be available for Accounts for 18 months. Electronic notices are available for 6 months.

Balances

Our Online Services are a fantastic tool to ensure that charges are posting correctly, but we cannot guarantee the accuracy of transactions that are pending, and we are not always able to show transactions until they post. Additionally, Online Services are not a replacement for keeping your own register. Processing occurs at various times, so we advise that you not rely on balances displayed, instead we recommend you record your charges and payments as soon as you make them so you know how much you have available in your account. For further information on calculating your Account balance, please see your Account Terms.

Alerts

We may offer alerts within our Online Services that provide information about your Accounts via email, automated phone call, push notification, and/or text message on your Access Device. Alerts are subject to terms and conditions you must accept when registering for alert(s). By using our Online Services, you consent to receive the applicable alerts for which you have registered, and which may also include alerts for which you are unable to set preferences. You may opt out of receiving alerts at any time by changing your preferences.

Message and data rates charged by your wireless telecommunications provider may apply. Contact your mobile service provider for details on these charges. You understand that there are risks associated with using a Wireless Device for your banking needs, and that in the event of loss or theft, your confidential information could be compromised.

Touch Authentication and Facial Recognition Authentication

If available through your Access Device, we will allow you the option to authenticate into Online Services using Touch Authentication or Facial Recognition Authentication in place of your login ID and password. To enroll in this feature, you must navigate to the settings menu in your Access Device with these settings and complete the enrollment process. The enrollment process will require you to accept the terms and conditions within the application. You will have the ability to disable this feature any time by navigating to the security preferences and disabling the feature within your Access Device.

Fingerprints are encrypted and stored on the mobile device only and are not made available to us or our mobile application provider. It is recommended that you do not allow any other individual's fingerprints to be enrolled on the device while using this feature. If this is allowed, you understand that the individual(s), whose fingerprints are stored on the mobile device, may have the ability to have access to sensitive data and account functionality. Enrollment for Touch or Face Authentication or Facial Recognition Authentication is limited to one Access Credential. You must already be registered with Touch

Authentication or Facial Recognition Authentication at the Access Device level in order to access this feature in the security preferences menu. We reserve the right to disable this feature for Online Services.

All requests and instructions received from you through Online Services with respect to transfers, payments, new Account services, changes and changes to existing Account information and any other communications, shall be deemed legal endorsements by you. If you willingly give Access Credentials to a third party, you agree that each such person or entity will be acting on your behalf. We are not responsible for managing your third party relationships. You agree not to give or make available Access Credentials to anyone you do not wish to access Online Services.

If you believe that Access Credentials have been lost or stolen or that someone may attempt to use the Online Services without your consent or has transferred money without your permission, you must notify us as soon as possible.

Stop Payments

Stop payment orders entered through Online Services are subject to all applicable fees for stop payment orders described in the Account Terms. More information concerning your rights and duties with respect to stop payments is contained in the Account Terms.

A fee will be assessed for each stop payment order processed through Online Services in accordance with the current Special Handling/Electronic Banking Disclosure of Charges, as may be applicable to your account.

A stop payment cannot be placed on an electronic payment that has been processed; however, prior to processing of the electronic payment, you may cancel the payment through Online Services.

A stop payment on a paper check can be placed if the item has not been presented for payment. We are entitled to a reasonable period to act upon a stop payment request and may not have the ability to act on any stop payment request if a payment has been processed or presented.

Please refer to the Account Terms for more details regarding stop payments.

Error Resolution

If you notice an error on your statement in relation to your Online Services or an unauthorized electronic transaction, please refer to your Account Terms or your most recent statement to understand your rights and protections.

By using Online Services, you accept the risk that an item may be intercepted or misdirected during transmission. We bear no liability to you or others for disclosure of information through any such interception or misdirection. Please read and follow all instructions when processing an item through Online Services.

You agree to cooperate with us in the investigation of unusual transactions, poor quality transmissions, and resolution of claims, including by providing, upon request and without further cost, any originals or copies of items deposited through our Online Services and records relating to such items and transmissions.

Cancellation, Modification or Removal of Online Services

We may modify or cancel any Online Services at any time without notice and at our discretion (unless required under other agreements) If we determine unusual or fraudulent activity, except as may be required by law, Online Services may be modified or canceled. You can use the Online Services seven days a week, 24 hours a day; however, some or all features may not be available occasionally due to emergencies or scheduled system maintenance. In addition, access to the Online Services may be slower at times due to high internet traffic or other factors beyond our control.

We reserve the right to terminate Online Services if you do not log in for a period of 240 days, and we reserve the right to terminate Bill Payment to you if you do not use the service for a period of 90 days.

The termination or cancellation of Online Services shall not affect your liability or obligations under this Agreement.

Transfer Money

Funds Transfers

If you originate a funds transfer and you identify by name and number a Financial Institution and beneficiary, we and every receiving or beneficiary Financial Institution, may rely on the identifying number to make payment. We may rely on the number even if it identifies a Financial Institution, person or account other than the one named. You agree to be bound by the National Automated Clearinghouse Association ("NACHA"). These rules provide, among other things, that payments made to you, or originated by you, are provisional until final settlement is made through a Federal Reserve Bank. If we do not receive such payment, we are entitled to a refund from you in the amount credited to your account, and the party originating such payment will not be considered to have paid the amount so credited. If we receive a payment order to credit an account you have with us by wire or ACH, we are not required to give you any notice of the payment order or credit.

Cut off times do apply to Funds Transfers which could impact their availability.

For details in relation to Transaction Limitations and Cut off Times please refer to the section above titled "Transaction Limitations and Cut off Times for Online Services".

External Transfers

External transfers may or may not be included with your Online Services and this may be limited by your access method, Access Device, qualifying Account, entity type, elected/enrolled services or additional agreements.

As part of the enrollment process to conduct external transfers, you will need to request approval to add External Account(s). You agree that you will attempt to register only External Accounts that you have the authority to conduct transfer capabilities. Transfers to External Account(s) are subject to certain limitations. Any dollar limits imposed will apply to the total of all transfers to a specific External Account on any given day. Any transfer initiated on a non-Business Day will apply toward the total for the next Business Day. External transfers are processed as ACH transfers and may take up to 3 Business Days to process. We may change your transfer limits at any time. Any decrease will be subject to notice to the extent required by law.

If the external transfer feature is utilized to transfer funds between First Financial Bank Accounts, there will be a delay in funds availability as noted above.

For details related to Transaction Limitations and Cut off Times please refer to the section above titled "Transaction Limitations and Cut off Times for Online Services".

Modifications Funds Transfers

You may modify transfers scheduled to occur at a future date. Any modification must be received before 9:00 p.m. Eastern Time on the day preceding the scheduled transfer date in order for the modification or cancellation to be effective. You cannot modify a transfer that has already occurred.

Funds transferred by any of these methods may not be available for immediate use. The term 'processing date' is used by the Online Services permitting funds transfers. Unless otherwise disclosed or defined in a separate agreement and regardless of the process being used to transfer funds, processing date means the date the transaction will begin to be processed, not the date that funds will be available.

Make Payments

Loan Payments

You may make payments to your First Financial Bank loan account from a First Financial Bank checking or savings account or from a checking or savings account held at an external financial institution.

When making a payment from an external account, you may only make a loan payment for the regularly scheduled payment amount, i.e. the principal, interest, escrow and fees, if applicable. If you submit an additional payment, or a payment that is greater than the amount due, the payment will first apply to any outstanding bill(s). Due to system parameters, principal only payments cannot be made from external accounts. If payments are made, depending on the amount of the payment, the loan may be paid ahead, excess applied to principal, or funds may be held in suspense and not be processed to your loan until a regularly scheduled payment is received. As payments may not be applied as intended, please contact the Client First Center or your local branch for assistance.

When making a payment from a First Financial Bank checking or savings account, you may select to make a "Regular Payment" or "Principal Only Payment." Paying a loan to \$0 does not imply that the loan account will be closed, because other outstanding loan fees may apply. Payments may not be applied as intended if your loan is not current. Funds may be held in suspense and not be processed to your loan until a regularly scheduled payment is received or your account is brought current.

Loan payments made from external checking or savings accounts will (be applied to the loan) on the business day after the payment is made. The debit to the external account may take 1-3 business days to post to the external checking or savings account.

Modifications Loan Payments

You may modify loan payments scheduled to occur at a future date. Any modification must be received before 9:00 p.m. Eastern Time on the day preceding the scheduled payment date in order for the modification or cancellation to be effective. You cannot modify a loan payment that has already occurred.

Bill Payment

You may use Bill Payment to instruct us to perform the following transactions:

- Make individual payments or preauthorized recurring payments from a bill pay funding Account designated by you to Payees you have designated in accordance with this Agreement;
- Obtain information that we make available about qualifying Accounts;
- Obtain other services and perform other transactions that we will authorize or allow.

Designating Payees

You will give us any account numbers or other identifying information that we or a Payee need so that your payments can be properly credited. If any account number or identifying information changes or if you want to add or delete Payees or other accounts with us, you must provide such changes within the Online Services platform. We may refuse to pay or cancel any Payee or any payment at any time for any reason. Payments to individuals or entities outside the United States of America or its territories and possessions are not permitted. Also, payments to individuals or business entities in a foreign currency are not permitted.

Setting up Payments

Upon enrollment into Bill Payment, you must designate funding Account(s) from which you authorize us to make payments using Online Services. Additionally, a default funding Account must be designated. If

you do not choose a funding account when creating a Bill Payment transaction, the default funding Account will be utilized. You may authorize us to make one-time payments or preauthorized recurring payments. We will allow only preauthorized recurring payments that do not vary in amount.

When Bill Payments Are Made

Payments are not final at the time we receive your instructions, but we will begin to process them promptly. If we process a payment by check, we will issue and mail the check on the day the payment is scheduled to be released. Check payments may take up to 10 Business Days to be delivered. If the payment is an electronic payment, the payment will be processed and transmitted on the scheduled payment date. Electronic payments may take up to 3 Business Days to be delivered. Payments transmitted electronically will be made pursuant to the Operating Rules of NACHA, by which you agree to be bound.

We cannot control when a payment or check will be presented by a Payee. It is your responsibility to be certain you have sufficient funds in your Account to pay all requested bill payments regardless of delivery method of the payment. We will notify you at the time you set up your payments of the delivery method we will use for a particular Payee. If required by law, we will notify you of any change to the delivery method we use to send your payments.

If the Payee's due date falls on a non-Business Day, you should schedule the payment to occur at least one Business Day prior to the Payee's due date. If a reoccurring payment falls on a non-business day it will be initiated the Business Day prior, unless you have chosen otherwise (when available). Each payment will be initiated from the funding Account from which it is made on the Business Day you have specified. Each payment you make on a non-Business Day or after our cut-off time on any Business Day will be considered made on the following Business Day.

Limits on Bill Payment Transactions

The Bill Payment transaction may not be processed if you do not have enough collected, available funds in your funding Account to cover the amount of any online transfers and Bill Payments on the scheduled payment date set for the transaction. Overdraft or returned check charges may be incurred if Bill Payments exceed your funding Account collected, available balance. All payments must be in U.S. Dollars.

We reserve the right to restrict the use of Online Services to make certain Bill Payments, such as tax payments, court-ordered payments, or government fees. You agree not to use Online Services to make any Bill Payment that violates or will violate any U.S. law.

Current federal regulations restrict the number of transactions and withdrawals you may make from certain types of accounts; for example, you may make no more than six pre-authorized or automatic transfers from savings and money market accounts during any given monthly statement period, including Bill Payments or transfers and payments made by telephone. Federal regulations currently place no limits on the number of transfers or bill payments from your checking Accounts.

Bill Payment Service Guarantee

Due to circumstances beyond our control, and/or the control of the Online Services, and our Service Providers, particularly delays in handling and posting payments by Payees or other Financial Institutions, some transactions may take longer to be credited to your payee account. Except as expressly stated in this Agreement, we will reimburse you for any late payment related charges, up to \$50 per item, should a bill payment post after the scheduled due date, provided that the payment was scheduled in accordance with the guidelines described under "When Bill Payments Are Made". Notwithstanding the foregoing, we shall not be responsible for any such charges if we have no responsibility for a payment transaction, late

payment charge or related charge under other provisions of this Agreement, including without limitation the provisions of "Liability for Failure to Make Bill Payments or Transfers" below.

Editing or Cancelling Bill Payments

It is your responsibility to cancel, skip, reschedule or revise a preauthorized recurring Bill Payment where necessary. Any Bill Payment may be cancelled provided you access the Online Services prior to the cut-off time on the Business Day the payment is scheduled to be processed. Once the Bill Payment has been entered into the system and the information has been processed and/or transmitted to us through the Online Services, you may not cancel or change the payment. Any bill payments already processed before the requested cancellation date will be completed. If cancellation is requested we need to have a reasonable opportunity to act on the notice of cancellation.
