

switch banks in 4 easy steps

1

open your new account

Choose the account that best fits your needs by reviewing the available options on our website at bankatfirst.com or by speaking to a banker in-branch, by phone, by chat or email.

Set up your new account

Make an initial deposit using the routing and account numbers for your new account

2

make a list

Review and list all transactions from the last six months you'll need to move from your old account to your new one

3

update transactions

Update your automatic transactions with your new account information. In most cases, you can make these changes online or by phone

4

close your old account

Ensure all bills and payments have been transferred from your old account. It is important to keep an eye on your old account in the coming months to make sure there are no bills you missed.

Transfer remaining funds from your old bank to your new First Financial Account

Contact your old bank requesting to close your old account
